Welcome to Ktima Kappa

TRADITION · TECHNOLOGY · EXPERIMENTATION

Winery,
Angelochori Naoussa

Anastasios Karagiozidis
Founder

Our Philosophy

Our wines are crafted with a clear focus on terroir, grape variety and time.

Xinomavro from Naoussa forms the centrepiece of our range. Stainless steel, wooden barrels and kvevri amphorae allow for different interpretations of the same terroir, ranging from fresh and approachable to complex and suitable for ageing.

13 wines representing different winemaking styles

- Blanc de Noir, rosé and red wines made from Xinomavro
- Other Greek and international grape varieties
- Fermentation in barrels and kvevri (amphorae)
- 45-year-old vines
- Single-vineyard wines from Naoussa
- Low yields, maximum concentration

Eleni Charalampaki
Co-Founder

HISTORY

50 years in Germany, with roots in Naoussa

The Return to Greece after 50 years in Germany

Structural work, 2021
winery in Angelochori

1990 THE ROOTS

- Kyriakos Karagiozidis plants the first vines in Angelochori, as well as Xinomavro in the Naoussa PDO zone.

50 YEARS IN GERMANY

- The family lives and works in the Palatinate for decades.

2021 A NEW BEGINNING

- Anastasios and Eleni return to Greece and establish the Kappa winery in Angelochori.

2022 THE FIRST COLLECTION

- Kappa presents its first six wines.

2023 Acquisition of further Xinomavro vineyards in the NAOUSSA PDO zone.

- Vineyards with older vines (40–45 years old) are adapted to our cultivation protocols in the single-vineyard sites of Trilofos and Fytià (250–520 metres altitude).

- **2023: Acquisition of a 45-year-old Xinomavro vineyard**

CURRENT

**Wine-growing, barrel cellar, wine tourism, distillery
1.5 hours from Thessaloniki Airport**

We are looking for new partners

Today, our winery is situated on a 1-hectare vineyard in Angelochori, Naoussa. Our winery is open to visitors, who can gain an insight into our methods and philosophy in three languages. The winery features modern winemaking facilities, a 4.5-metre-deep wine cellar for the ideal ageing of our wines, our own traditional distillery, tasting rooms and a pavilion for hosting and welcoming larger groups.

We are constantly developing Kappa and are seeking new partners who would like to discover our wines and work with us to tap into new markets and opportunities. Our aim is to establish long-term partnerships with importers and specialist retailers seeking characterful wines from Greece.

Trade visitors who would like to experience our working methods and our wines first-hand are most welcome.

Vineyards & Grape Varieties

- **8 hectares of organically farmed land**
- **Xinomavro takes centre stage**
- **45-year-old vines**
- **various vineyard sites**
- **other Greek and international grape varieties**

Vineyards in the Vermion Mountains

- Our 8 hectares of organically farmed vineyards are situated in Angelochori and on the slopes of the Vermion Mountains, in the Fytia, Naoussa and Trilofo areas. We also collaborate with selected winegrowers.
- The focus is on the Xinomavro grape variety, complemented by other Greek varieties such as Agiorgitiko, Assyrtiko, Roditis and Malagouzia, as well as international varieties such as Merlot, Syrah, Cabernet Sauvignon and Sauvignon Blanc.

WINES

Fresh as well as complex wines

13 wines, 80,000 bottles, bottled on-site, stainless steel tanks, Georgian kvevri amphorae, first-, second- and third-use oak barrels

Together with our oenologist Antonios Alifragkis, we produce wines that express the distinctive characteristics of their grape varieties and origins.

- Our annual production comprises around 80,000 bottles across 13 wines, featuring different winemaking styles, and bearing the Imathia and Macedonia Protected Geographical Indications (PGI).
- Fresh and approachable wines, vinified in stainless steel tanks
 - **RYTHMOS SERIES in white, rosé and red**
 - **Nespilon, Malagouzia**
 - **Sauvignon blanc**
- Wines fermented and aged in wooden barrels
 - **Assyrtiko X-LOCO, white**
 - **Anamnon, rose from Xinomavro**
 - **eLXis from Assyrtiko (Georgian kvevri amphorae), orange, natural**
- The premium wines are first fermented in stainless steel tanks and then matured for 12–18 months in wooden barrels. After bottling, they mature for a further 8–12 months in the cellar.
 - **Kokkymelo, single vineyard, Xinomavro, red**
 - **Opora, old vines, Xinomavro, red**
 - **Merlot, red**
 - **Syrah Cabernet, LIAISON, red**
 - **ISMINI, Dessertwein, late harvest, red**
